Time Tracker Configuration has moved from System Configuration module to CRM

The screenshot displays the CRM interface for Time Tracker Configuration. The left sidebar, under the 'Configuration' header, lists various setup options, with 'Time Tracker Config' highlighted. The main panel, titled 'Lunch/tea setup', contains a 'Time Tracker' tab. This tab includes a series of dropdown menus for configuring work hours: Day Start (06:00), Tea Start (10:00), Tea End (10:15), Lunch Start (12:00), Lunch End (13:00), Afternoon Tea Start (15:00), Afternoon Tea End (15:15), Day End (20:00), Day End (Friday) (17:00), Day End (Saturday) (17:00), and Day End (Sunday) (17:00). A 'Save' button is located at the bottom of the configuration area.

Day Start	The start of the day when the workers start to work.
Tea Start	The time that the work force stop working for tea.

Tea End	The time that the work force start working again.
