

Setting up restore password

System Configuration Module > Administration> Company Profiles> Function Dropdown

More information on this button can be found at [Password restore](#)

The screenshot displays the 'System Configuration' interface. On the left, the 'Administration' menu is expanded, with 'Company Profiles' highlighted. The main area shows the 'Company Profiles' table with two entries: 'Web' and 'Branch1'. The 'Web' entry is highlighted in orange. The 'Functions' dropdown menu is visible in the top right corner of the table area.

#	Att	Code	Description
1		Web	Dev HSOF & Co
2		Branch1	Branch 1

Click on the Functions Drop Down and select Set Backup Restore Password
