Set the quantity for the deal

The screenshot shows a software window titled "Deal Items" with a blue header bar containing a close button (X) and two small icons (a gear and a question mark). The main area is light blue and contains two labels: "Stock Item:" and "Quantity:". The "Stock Item:" label is next to a dropdown menu showing "10 - Glue Stick" with a downward arrow. The "Quantity:" label is next to a text input field containing the number "1". At the bottom of the window, there is a row of five buttons: "Previous", "Next", "Save", "Save and Close", and "Close".
