

Inventory Valuation File Download Menu

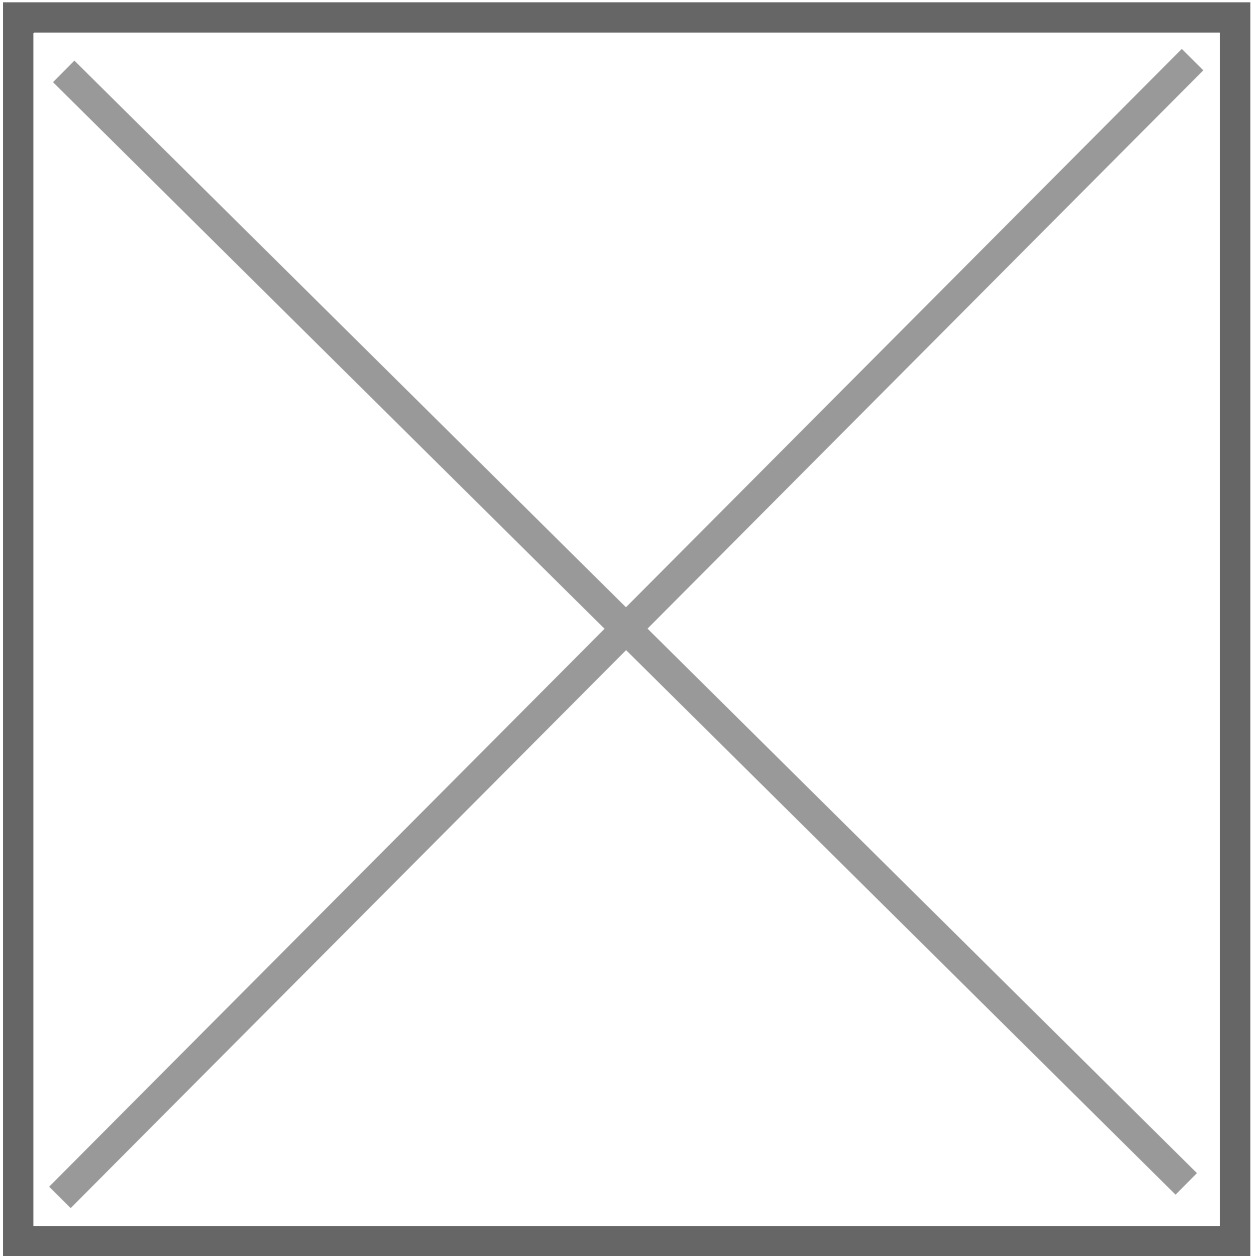

This menu item keeps a list of scheduled stock valuation reports that can be downloaded from the system

For stock valuations to appear here, a schedule needs to be activated first under systems configuration module

This report is essential because it eliminates users from having to first download an old backup if they wish to see a back-dated stock/ inventory valuation report

Either in a CSV or PDF format or Both

Inventory > Reports > Inventory Valuation File Download

File Name	If you know the file name within a date range, you can search for the stock valuation using file name
Date From / Date To	Choose the date range for which you want to view the report from Select a date range of when you want to see the report up to
Download	You can download a stock valuation to Excel or PDF file
