

Barcode Labels

The system allows for printing barcodes directly

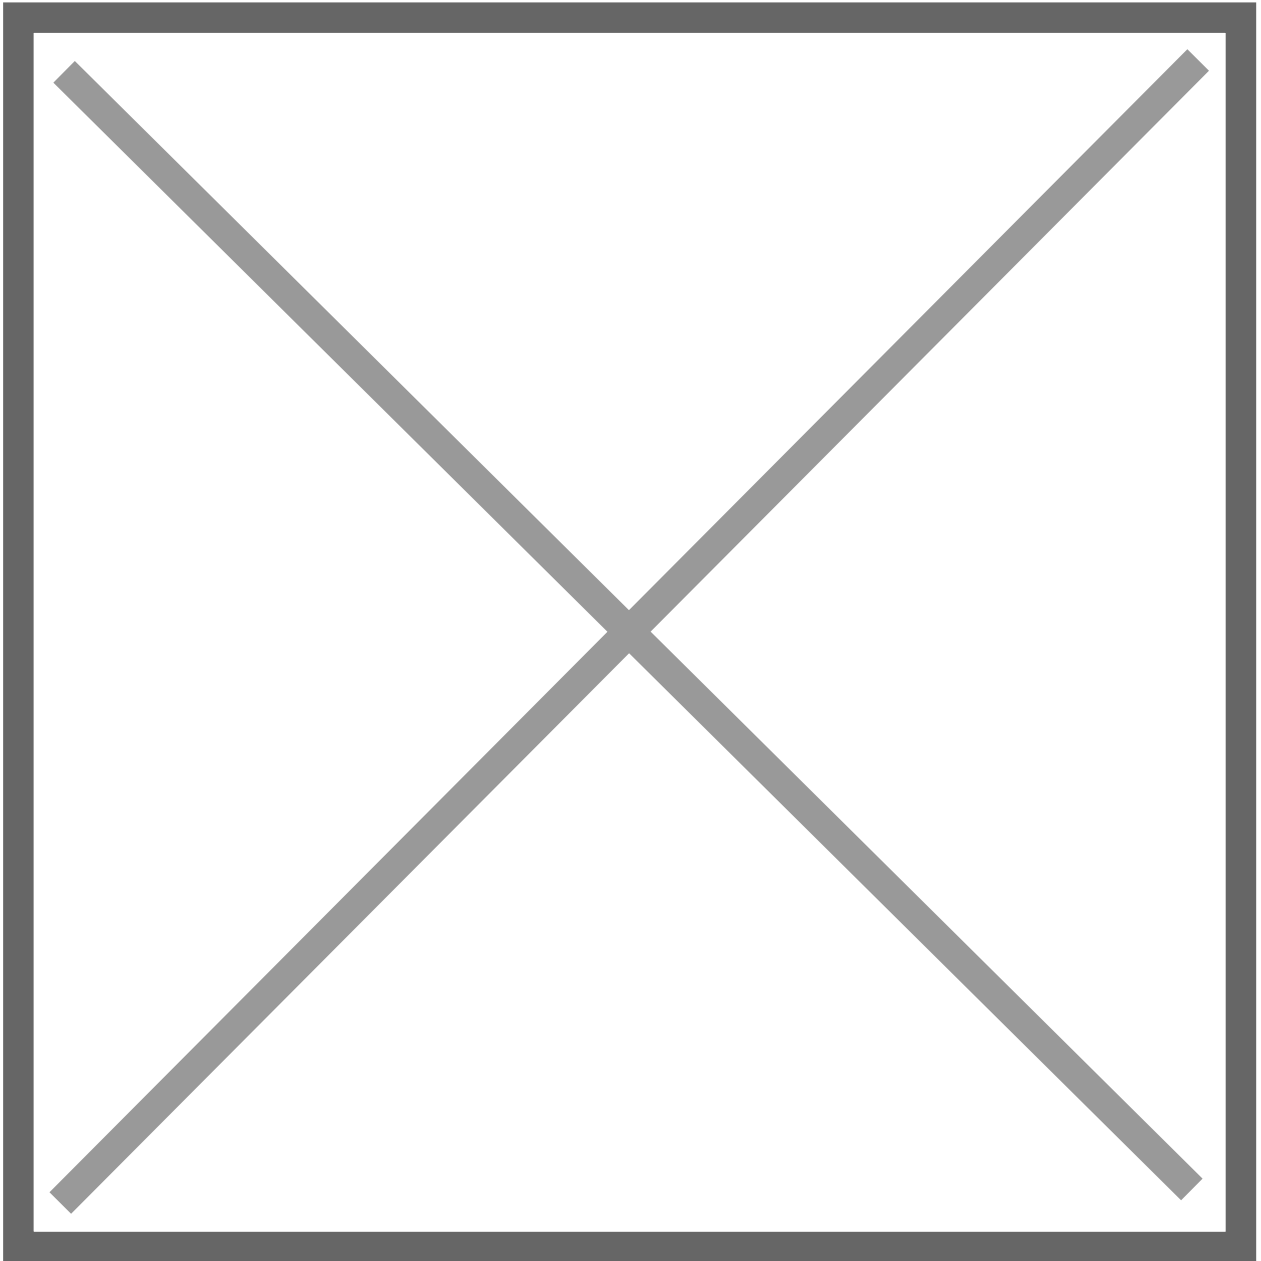

The areas these are possible are

- 1.Inventory setup barcode single print
- 2.Inventory setup search screen, multiple barcode and single barcode print
- 3.Purchase Order edit screen
- 4.Receive stock edit screen

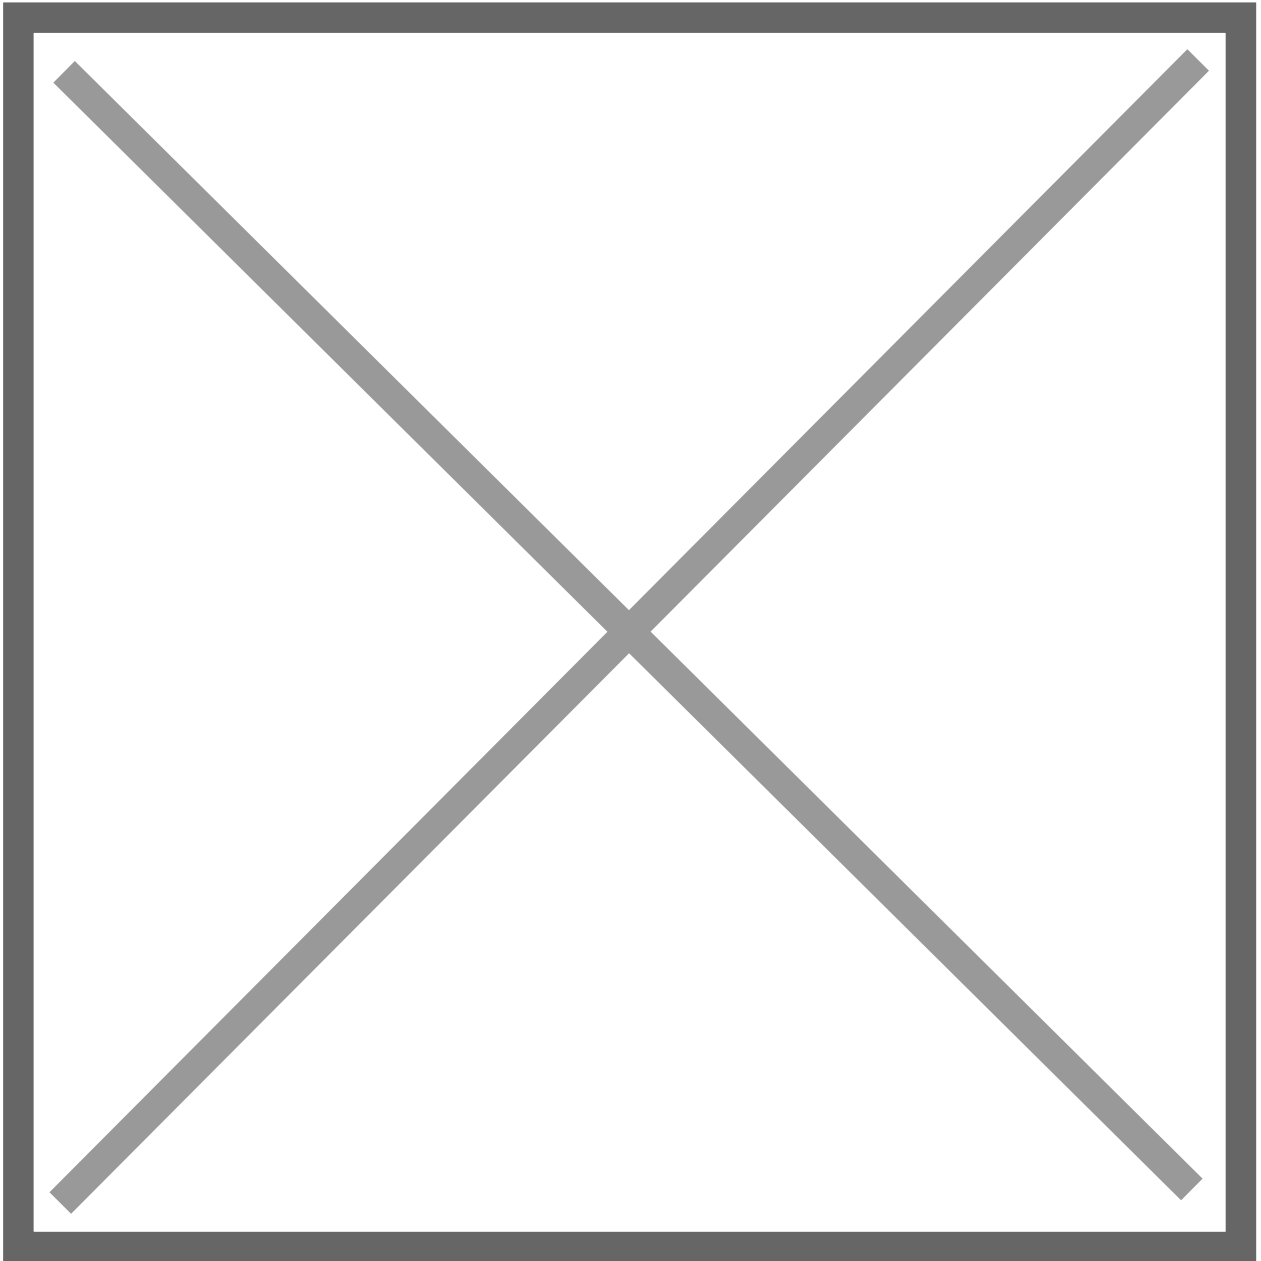

Multiple print barcodes are limit to the number of items shown on the grid.

If you are viewing 100 records, print will only work on the 100 records displayed
