

Dashboard Setup

System Configuration> Security> Dashboard Setup

Dashboards allow one to view information on screen either via grid, bar graph or line graph.

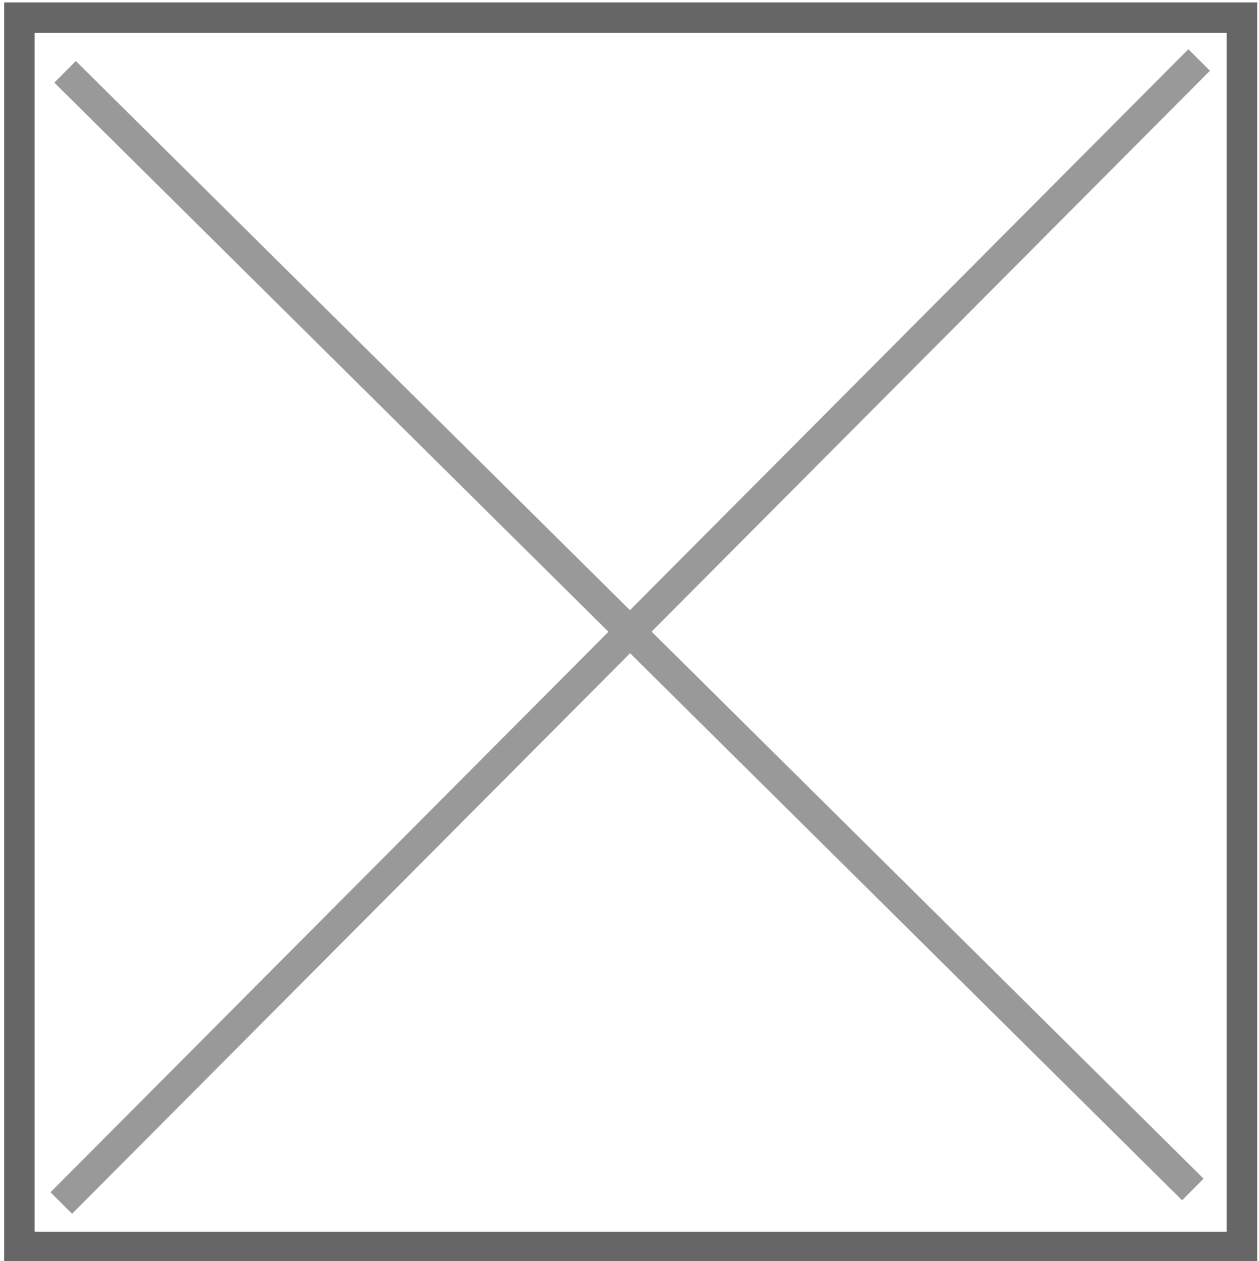

There are multiple different types of dashboards.

Dashboards can be on a timer basis and put up on a wall for people to see.

Dashboards can have 3 different views

1	One quadrant full screen.
2	Two quadrants duel screen
3	Four quadrants

They are dashboards for sales, general Ledger and suppliers. Each of the dashboards have specific criteria's which can be modified
